Part 2—Consultation and Dispute Resolution

8. Consultation regarding major workplace change

8.1 Employer to notify

(a) Where an employer has made a definite decision to introduce major changes in production, program, organisation, structure or technology that are likely to have significant effects on employees, the employer must notify the employees who may be affected by the proposed changes and their representatives, if any.

(b) Significant effects include termination of employment; major changes in the composition, operation or size of the employer’s workforce or in the skills required; the elimination or diminution of job opportunities, promotion opportunities or job tenure; the alteration of hours of work; the need for retraining or transfer of employees to other work or locations; and the restructuring of jobs. Provided that where this award makes provision for alteration of any of these matters an alteration is deemed not to have significant effect.

8.2 Employer to discuss change

(a) The employer must discuss with the employees affected and their representatives, if any, the introduction of the changes referred to in clause 8.1, the effects the changes are likely to have on employees and measures to avert or mitigate the adverse effects of such changes on employees and must give prompt consideration to matters raised by the employees and/or their representatives in relation to the changes.

(b) The discussions must commence as early as practicable after a definite decision has been made by the employer to make the changes referred to in clause 8.1.

(c) For the purposes of such discussion, the employer must provide in writing to the employees concerned and their representatives, if any, all relevant information about the changes including the nature of the changes proposed, the expected effects of the changes on employees and any other matters likely to affect employees provided that no employer is required to disclose confidential information the disclosure of which would be contrary to the employer’s interests.

9. Dispute resolution

9.1 In the event of a dispute about a matter under this award, or a dispute in relation to the NES, in the first instance the parties must attempt to resolve the matter at the workplace by discussions between the employee or employees concerned and the relevant supervisor. If such discussions do not resolve the dispute, the parties will endeavour to resolve the dispute in a timely manner by discussions between the
employee or employees concerned and more senior levels of management as appropriate.

9.2 If a dispute about a matter arising under this award or a dispute in relation to the NES is unable to be resolved at the workplace, and all appropriate steps under clause 9.1 have been taken, a party to the dispute may refer the dispute to Fair Work Australia.

9.3 The parties may agree on the process to be utilised by Fair Work Australia including mediation, conciliation and consent arbitration.

9.4 Where the matter in dispute remains unresolved, Fair Work Australia may exercise any method of dispute resolution permitted by the Act that it considers appropriate to ensure the settlement of the dispute.

9.5 An employer or employee may appoint another person, organisation or association to accompany and/or represent them for the purposes of this clause.

9.6 While the dispute resolution procedure is being conducted, work must continue in accordance with this award and the Act. Subject to applicable occupational health and safety legislation, an employee must not unreasonably fail to comply with a direction by the employer to perform work, whether at the same or another workplace, that is safe and appropriate for the employee to perform.

9.7 An employee representative and an employer may agree to negotiation skills training leave up to three days with pay, on each occasion, which is necessary to assist the employee representative in their dispute settlement role. The arrangements will be considered by the employer having regard to the normal staffing requirements in the employee representative work area. An employee representative taking such leave will be paid all ordinary time earnings which normally became due and payable during the period of leave, calculated in accordance with clause 29.7 of this award.

12.6 A regular part-time employee employed under the provisions of this clause must be paid for ordinary hours worked at the rate of 1/38th of the weekly rate prescribed for the class of work performed and in addition will be entitled on a pro rata basis to shift premiums where applicable.

12.7 An employee engaged on a regular part-time basis will be entitled to payment in respect of annual leave, public holidays, personal/carer’s leave, and jury service, arising from this award on a proportionate basis calculated on the normal, ordinary hours the employee would have worked.

(e) Once a casual employee has elected to become and been converted to a full-time or part-time employee, the employee may only revert to casual employment by written agreement with the employer.

(h) Following such agreement being reached, the employee converts to full-time or part-time employment.

(i) Where, in accordance with clause 13.3(d) an employer refuses an election to convert, the reasons for doing so must be fully stated to and discussed with the employee concerned and a genuine attempt made to reach agreement.

Any such agreement reached must be kept by the employer as a time and wages record. Any such agreement reached with an individual employee may only be reached within the two months prior to the period of six months referred to in clause 13.3(a).

24.1 All wages will be paid weekly, or with the agreement of the majority of employees in a workplace working under the terms of this award, fortnightly or monthly. Such wages will be paid in cash, or with the agreement of the majority of employees working under the terms of this award, by cheque or direct transfer into a bank account or financial institution nominated by the employee. Where wages are paid by direct transfer, the employer will pay any bank or other charges associated with such method of payment.

24.2 An employer and an employee may agree that the employee’s wages may be paid by cheque or by direct transfer into the bank account or other financial institution nominated by the employee.

24.3 Wages will be paid as follows:

(b) In the case of an employee whose ordinary hours of work are so that the employee works up to an average of 38 ordinary hours each week during a work cycle, wages will be paid weekly, fortnightly or monthly according to a weekly average of ordinary hours worked even though more or less than 38 may be worked in a work cycle.

(f) On or prior to payday an employer will state to each employee in writing the total amount of wages to which the employee is entitled, the amount of overtime included, details of any deductions made and the net amount being paid.

(i) on the day of such termination;

(ii) by forwarding such wages to the employee on the next working day; or

If the employer requires the employee to visit such place of business to collect wages then, in addition to the amount of moneys due, the employer will pay the employee an additional four hours’ ordinary pay.

(b) An employer may deduct from monies due to an employee such amount as is authorised in writing by the employee for a lawful purpose specified in the authority.

24.5 Absence from duty

An employee failing to attend for duty will not be entitled to pay for the time of such non-attendance except as provided for in the case of annual leave, public holidays, personal/carer’s leave and compassionate leave or any other absences from work without loss of pay permitted by this award.

24.6 Make-up time

(a) In the event of a stand-down situation arising, an employer and employee(s) may agree that each employee may work make-up time, up to the number of hours of work lost as a result of the stand-down, at the rate which would have been applicable to the hours lost. Such make-up time must be worked within
seven days of the end of the stand-down period or during the stand-down period if such hours are worked by agreement outside normal hours of work.

(b) For the purpose of this provision the hours of work may be worked at such time as is agreed despite any other provisions of this award.

(c) No employee may be required by an employer to agree to work such make-up time and, in the absence of an agreement by an employee to do so the usual overtime and penalty rates applicable under this award will apply to work required to be performed by such employees.

(d) Provided that an employee who is required to attend for work on any day but for whom, for the reason abovementioned, no work is provided will be entitled to two hours’ pay and provided further that where an employee commences work the employee will be entitled to be provided with four hours’ employment or failing which be entitled to be paid as for four hours’ work.

25. Superannuation

25.1 Superannuation legislation

(a) Superannuation legislation, including the Superannuation Guarantee (Administration) Act 1992 (Cth), the Superannuation Guarantee Charge Act 1992 (Cth), the Superannuation Industry (Supervision) Act 1993 (Cth) and the Superannuation (Resolution of Complaints) Act 1993 (Cth), deals with the superannuation rights and obligations of employers and employees. Under superannuation legislation individual employees generally have the opportunity to choose their own superannuation fund. If an employee does not choose a superannuation fund, any superannuation fund nominated in the award covering the employee applies.

(b) The rights and obligations in these clauses supplement those in superannuation legislation.

25.2 Employer contributions

An employer must make such superannuation contributions to a superannuation fund for the benefit of an employee as will avoid the employer being required to pay the superannuation guarantee charge under superannuation legislation with respect to that employee.

25.3 Voluntary employee contributions

(a) Subject to the governing rules of the relevant superannuation fund, an employee may, in writing, authorise their employer to pay on behalf of the employee a specified amount from the post-taxation wages of the employee into the same superannuation fund as the employer makes the superannuation contributions provided for in clause 25.2.

(b) An employee may adjust the amount the employee has authorised their employer to pay from the wages of the employee from the first of the month following the giving of three months’ written notice to their employer.
(c) The employer must pay the amount authorised under clauses 25.3(a) or (b) no later than 28 days after the end of the month in which the deduction authorised under clauses 25.3(a) or (b) was made.

25.4 Superannuation fund

Unless, to comply with superannuation legislation, the employer is required to make the superannuation contributions provided for in clause 25.2 to another superannuation fund that is chosen by the employee, the employer must make the superannuation contributions provided for in clause 25.2 and pay the amount authorised under clauses 25.3(a) or (b) to one of the following superannuation funds:

(a) MTAA Superannuation Fund;
(b) AustralianSuper;
(c) Labour Union Cooperative Retirement Fund;
(d) Transport Workers Union Superannuation Fund; or
(e) any superannuation fund to which the employer was making superannuation contributions for the benefit of its employees before 12 September 2008, provided the superannuation fund is an eligible choice fund.

25.5 Absence from work

Subject to the governing rules of the relevant superannuation fund, the employer must also make the superannuation contributions provided for in clause 25.2 and pay the amount authorised under clauses 25.3(a) or (b):

(a) Paid leave—while the employee is on any paid leave;
(b) Work-related injury or illness—for the period of absence from work (subject to a maximum of 52 weeks) of the employee due to work-related injury or work-related illness provided that:
   (i) the employee is receiving workers compensation payments or is receiving regular payments directly from the employer in accordance with the statutory requirements; and
   (ii) the employee remains employed by the employer.

Part 5—Hours of Work and Related Matters

26. Meal breaks

26.1 This clause will not apply to a person principally employed to perform vehicle sales related duties, console operators or to employees on continuous shiftwork.

26.2 Meal breaks without pay will be for a period of not less than 30 minutes and not more than 60 minutes.
Subject to the exceptions provided below, an employee will not be required to work more than five hours without a break for a meal. An employee will be paid at the rate of time and one half for all time worked:

(a) where the employee is required to work beyond five hours without a break for a meal; or

(b) during meal breaks and thereafter until a meal break is allowed.

Where the employer and the majority of employees in an establishment agree that six hours can be worked without a meal break being taken, this arrangement will apply to all employees within that establishment.

An employee required to perform regular maintenance will work at the ordinary rates during meal breaks whenever instructed to do so for the purposes of making good breakdowns of plant or upon routine maintenance of plant which can only be done while such plant is idle.

An employer may in appropriate circumstances reasonably require an employee to change the timing of a scheduled meal break or rest break to meet operational requirements.

**Crib breaks when working overtime**

An employee required to work overtime for more than one and a half hours after working ordinary hours will be allowed a crib break of 20 minutes before starting such overtime. The crib break will be paid for at ordinary rate.

An employee required to work overtime will be allowed a crib break of 20 minutes without deduction of pay after each four hours of overtime worked provided work continues after the crib break.

Provided that where a day worker is required to work overtime on a Saturday the first prescribed crib break if occurring between 10.00 am and 1.00 pm will be paid at ordinary rate.

An employer and employee may agree to any variation of this subclause to meet the circumstances of the work in hand provided that the employer will not be required to make any payment in respect of any time allowed in excess of 20 minutes.

This clause will not apply to an employee working overtime on a Sunday or public holiday unless the employee is rostered to work any of their ordinary hours on that day.

**Overtime rates**

This clause will not apply to:

(a) a person principally employed to perform vehicle sales related duties;

(b) casual employees; or

(c) employees working at fuel retailing establishments.
28.2 An employee required to work outside the ordinary hours on a Sunday or public holiday will be paid as follows:

(a) on a Sunday—at the rate of double time;

(b) on a public holiday—at the rate of double time and a half; and

(c) on any other day—time and a half for the first three hours and double time thereafter. Payment at double time is to continue until the completion of the overtime work.

28.3 Time off instead of payment for overtime may be provided if an employee so elects and is agreed to by the employer.

(a) Time off instead of payment for overtime must be taken at a mutually convenient time within four weeks of the overtime being worked. However, an employee with the agreement of the employer may elect to bank up to eight hours of time off instead of overtime to be taken no later than eight weeks after the overtime was worked.

(b) Any agreement reached in accordance with this subclause should be placed in writing and recorded with the employee’s wage records and for file. Any hours banked and cleared in accordance with this subclause must be recorded in the employees wage records.

(c) Time off instead of payment for overtime must equate to the overtime rate i.e. if the employee works one hour overtime and elects to claim time off instead of payment the time off would be equal to time and a half.

(d) Provided that where an employee’s employment is terminated or the employee resigns or the entitlement has not been taken, the entitlement will be paid out at the rate at which it was accrued.

(e) Clause 28.2 will not apply when the time is worked:

(i) by arrangement between the employees themselves;

(ii) for the purpose of effecting the customary rotation of shifts; or

(iii) in accordance with clause 24.6 in this award.

28.4 Extra rates not cumulative

The extra rates prescribed by clause 28.2 are in substitution for and not cumulative upon the shiftwork allowance prescribed by clause 42.2 of this award.

28.5 Minimum payment for overtime on a Sunday or a public holiday

(a) An employee required to work overtime on a Sunday or a public holiday will:

(i) if principally employed to perform duties of a driveway attendant, console operator or a roadhouse attendant as defined, be paid for a minimum of three hours at the appropriate rate; or

(ii) if required to work in connection with maintaining the continuity of electric light or power be paid for a minimum of one hour at the appropriate rate in addition to the time reasonably occupied in getting to
and from work which will be counted as time worked except where the work occupies more than two hours.

(b) For work other than that referred to in clauses 28.5(a)(i) and (ii) be afforded at least four hours’ work or paid for four hours at the appropriate rate.

(c) Clause 28.5 will not apply where work is continuous with overtime or work commenced on the previous day or completed on the following day.

28.6 Rest period before recommencing work

(a) When overtime work, including work on a rostered day off or work on a Sunday or a public holiday is necessary, it will wherever reasonably practicable be arranged so that an employee works not more than 14 hours in any period of 24 consecutive hours and so that each employee may have at least 10 consecutive hours off duty in each such 24 consecutive hours.

(b) Subject to the exceptions referred to in clause 28.8 and clause 28.9, on the completion of a period of work an employee is required to have a period of 10 consecutive hours off duty from their ordinary working time without loss of pay until recommencing work.

(c) If, on the instructions of their employer, an employee resumes or continues work without having had 10 consecutive hours off duty the employee will be paid at the rate of double time until released from duty. The employee will then be entitled to be absent for 10 consecutive hours off duty without loss of pay for any ordinary working time occurring during such absence.

28.7 Standing by

(a) Subject to clause 28.7(b) where an employee is required regularly to hold themselves in readiness for a call-back, an employee directed by an employer to hold themselves in readiness to work outside their ordinary working hours will for this period be paid standing by time at their ordinary time rate of pay commencing from the time an employee is required to hold themselves in readiness for a call-back.

(b) This clause will not apply to an employee in a garage and/or to an employee engaged as the driver of a tow and/or repair vehicle and/or to the assistant to such a driver.

28.8 Call-back (general)

(a) An employee recalled to work overtime after leaving the employer’s business premises (whether notified before or after leaving the premises) will be paid for a minimum of three hours’ work at the appropriate rate for each time recalled; provided that, except in the case of unforeseen circumstances arising, the employee will not be required to work the full three hours if the employee was recalled to perform work which is completed within a shorter period.

(b) This clause will not apply where:

(i) it is customary for an employee to return to an employer’s premises for periods not exceeding 30 minutes each to perform a specific job outside the ordinary working hours in which case the employee will be paid for a
minimum of one hour’s work at the appropriate rate for each time recalled; or

(ii) where the overtime is continuous (subject to a reasonable meal break) with the commencement of ordinary working time.

(c) Where the actual time worked is less than three hours on such recall or each of such recalls, overtime worked in the circumstances specified in this subclause will not be regarded as overtime for the purposes of clause 28.6.

(d) This subclause will not apply to an employee in a garage and/or to an employee engaged as the driver of a tow and/or repair vehicle and/or to the assistant to such a driver.

28.9 Call-back (breakdowns etc.)

(a) An employee in a garage and/or an employee engaged as the driver of a tow and/or repair vehicle and/or the assistant to such a driver recalled outside normal working hours for breakdown, accident or other emergency work will be paid at the rate of double time for the period of time recalled.

(b) The calculation of the period of time of duty will include only the time reasonably occupied in travel or work between the time of the employee’s departure from normal place of residence and the time after the performance of the work provided that:

(i) in the case of the first call-back in any one day an employee will be paid as for at least a period of two hours at the rate of double time; and

(ii) in the case of each subsequent call-back in the same day as for at least a period of one hour at the rate of double time whether occurring within two hours of the first call-back or not.

(c) Notwithstanding clause 28.9(a) where by mutual agreement, evidence of which will be recorded and maintained at the employer’s premises, an employee who is rostered to make themselves available outside normal working hours to be called upon for breakdown, accident or roadside service work will be paid at the rate of double time for the period so recalled provided that in the case of each call-back the employee will be paid for at least a period of one hour at double time.

(d) The calculation of the period of work will include only the time reasonably occupied in travel or work between the time of the employee’s departure from the normal place of residence or other starting point and the time of return to the employee’s residence.

(e) An employee entitled to payment under this clause will make and tender to the employer on their next ordinary working day a record of work performed showing starting and finishing times.

(f) Where the actual time worked is less than three hours for a recall or on each of the recalls, overtime worked in the circumstances specified in this subclause will not be regarded as overtime for the purposes of clause 28.6.
28.10 Transport of employees

Where an employee normally uses public transport and is required to commence and/or conclude overtime or shiftwork between 8.30 pm and 6.00 am at a time when public transport is not available, the employer will provide the employee with a conveyance to and/or from the employee’s residence or pay the employee’s current wage for the time reasonably occupied in travelling to and/or from the residence.

Part 6—Leave and Public Holidays

29. Annual leave

29.1 Annual leave is provided for in the NES. Annual leave does not apply to a casual employee.

29.2 An employee for each year of service with an employer and subject to clauses 29.3 and 29.5, is entitled to four weeks of paid annual leave.

29.3 An employee’s entitlement to annual leave accrues progressively during a year of service according to the employee’s ordinary hours of work.

29.4 Excessive leave

Notwithstanding s.88 of the Act, if an employer has genuinely tried to reach agreement with an employee as to the timing of taking annual leave, the employer can require the employee to take annual leave by giving not less than four weeks’ notice of the time when such leave is to be taken if:

(a) at the time the direction is given, the employee has eight weeks or more of annual leave accrued; and

(b) the amount of annual leave the employee is directed to take is less than or equal to a quarter of the amount of leave accrued.

29.5 Seven day shiftworkers

(a) For the purpose of the additional week of annual leave provided for in s.87(1)(b) of the Act, a shiftworker is a seven day shiftworker who is regularly rostered to work on Sundays and public holidays.

(b) Where an employee with 12 months’ continuous service is engaged for part of the 12 month period as a seven day shiftworker, the employee must have their annual leave increased by half a day for each month the employee is continuously engaged as a seven day shiftworker.

29.6 Leave allowed before due date

(a) An employer may allow an employee to take annual leave either wholly or partly in advance before the right has accrued. In such case the employee will not receive any annual leave to their credit until the period of service is such as to cover the annual leave provided in advance.
(b) The employer will be entitled to deduct the amount of excess from any remuneration payable to the employee upon the termination of employment where:

(i) annual leave or part thereof has been granted in advance before the right thereto has accrued; and

(ii) the employee subsequently leaves or is discharged from the service of the employer with a negative accrual.

29.7 Payment for period of leave

(a) Instead of the base rate of pay as referred to in s.90(1) of the Act, an employee under this award, before going on annual leave, must be paid the wages they would have received in respect of the ordinary hours the employee would have worked had the employee not been on leave during the relevant period.

(b) Subject to clause 29.7(c), the wages to be paid must be worked out on the basis of what the employee would have been paid under this award for working ordinary hours during the period of annual leave, including allowances, loadings and penalties paid for all purposes of the award, first aid allowance and any other wages payable under the employee’s contract of employment including any over award payment.

(c) The employee is not entitled to payments in respect of overtime, special rates or any other payment which might have been payable to the employee as a reimbursement for expenses incurred.

29.8 Untaken leave on termination

Subject to clause 29.6(b) an employee who has outstanding or untaken paid annual leave due when the employment contract ends must be paid the amount that would have been payable to the employee under clause 29.6(a). Payment of either leave loading or the higher shift loading payment instead of leave loading prescribed in clauses 29.7(a) will not apply to the pay out of untaken leave.

29.9 Annual close-down

Where an employer closes down a plant, or a section or sections thereof, for the purpose of allowing annual leave to all or the bulk of the employees in the workplace or section or sections concerned, the following provisions apply:

(a) An employer may by giving not less than four weeks’ notice of their intention to do so, stand off for the duration of the close-down all employees in the workplace or section or sections concerned. In such event the employer may allow to those who are not qualified for the full entitlement to annual leave for the total close-down period paid leave up to the total amount of leave accrued as at the commencement of the close-down. Such leave will be at the appropriate rate of wage as prescribed in clause 29.7. The balance of the close-down for which the employee does not have sufficient accrued leave to cover such period will be leave without pay.

(b) An employee who has accrued enough leave for the close-down period must be allowed the leave, and be paid at the appropriate wage rate in clause 29.7.
(c) An employer may close-down for one or two separate periods for the purpose of granting annual leave in accordance with this subclause. If the employer closes down in two separate periods one of those periods must be for a period of at least 21 consecutive days.

(d) Provided that where the majority of the employees in the workplace or section or sections concerned agree, the employer may close down in accordance with this subclause in two separate periods neither of which is of at least 21 consecutive days or in three separate periods. In such cases the employer must advise the employees concerned of the proposed dates of each close-down before asking them for their agreement.

30. **Personal/carer’s leave and compassionate leave**

Personal/carer’s leave and compassionate leave are provided for in the NES.

31. **Community service leave**

Community service leave is provided for in the NES.

32. **Public holidays**

32.1 Public holidays are provided for in the NES.

32.2 **Substitution of public holidays**

By agreement between an employer and the majority of employees in a particular workplace another day or different days may be substituted for the said days or any of them. Further, an employer and an employee may agree to substitute another day or days for the said days or any of them.

32.3 **Rostered day off or accumulated time off falling on a public holiday**

In the case of an employee whose ordinary hours of work are arranged in such a manner as to entitle the employee to a rostered day off, the weekday to be taken off will not coincide with a public holiday. Provided that, in the event that a public holiday is prescribed after a roster is arranged the employer will allow the employee to take an alternative weekday off instead of the public holiday.

**Section 1—Vehicle Industry RS&R Employees**

33. **Classification and minimum weekly wages**

33.1 All adult employees (other than adult apprentices) covered by this section must be classified according to the structure set out in clause 33.4 according to the skill levels and duties required to be exercised by the employee in order to carry out the principal function of the employment as determined by the employer. The skill level definitions, according to which employees are to be classified, are set out in Schedule A—Vehicle Industry RS&R—Skill Level Definitions.
33.2 Employers must advise each employee in writing of their classification and of any subsequent changes in their classification.

33.3 Employees must perform all work within their skill and competence consistent with the classification structure and the skill level definitions including work which is incidental or peripheral to their main tasks or functions, provided that such duties are not designed to promote de-skilling.

Where a union which has an interest in the award is not a party to the assessment, the assessment will be referred by Fair Work Australia to the union by certified mail and the agreement will take effect unless an objection is notified to Fair Work Australia within 10 working days.
C.7 Review of assessment

The assessment of the applicable percentage should be subject to annual or more frequent review on the basis of a reasonable request for such a review. The process of review must be in accordance with the procedures for assessing capacity under the supported wage system.

C.8 Other terms and conditions of employment

Where an assessment has been made, the applicable percentage will apply to the relevant minimum wage only. Employees covered by the provisions of this schedule will be entitled to the same terms and conditions of employment as other workers covered by this award on a pro rata basis.

C.9 Workplace adjustment

An employer wishing to employ a person under the provisions of this schedule must take reasonable steps to make changes in the workplace to enhance the employee’s capacity to do the job. Changes may involve re-design of job duties, working time arrangements and work organisation in consultation with other workers in the area.

C.10 Trial period

C.10.1 In order for an adequate assessment of the employee’s capacity to be made, an employer may employ a person under the provisions of this schedule for a trial period not exceeding 12 weeks, except that in some cases additional work adjustment time (not exceeding four weeks) may be needed.

C.10.2 During that trial period the assessment of capacity will be undertaken and the percentage of the relevant minimum wage for a continuing employment relationship will be determined.

C.10.3 The minimum amount payable to the employee during the trial period must be no less than $69 per week.

C.10.4 Work trials should include induction or training as appropriate to the job being trialled.

C.10.5 Where the employer and employee wish to establish a continuing employment relationship following the completion of the trial period, a further contract of employment will be entered into based on the outcome of assessment under clause C.5.
Schedule D—National Training Wage
Schedule E—School-based Apprentices

E.1 This schedule applies to school-based apprentices. A school-based apprentice is a person who is undertaking an apprenticeship in accordance with this schedule while also undertaking a course of secondary education.

E.2 A school-based apprenticeship may be undertaken in the trades covered by this award under a training agreement or contract of training for an apprentice declared or recognised by the relevant State or Territory authority.

E.3 The relevant minimum wages for full-time junior and adult apprentices provided for in this award, calculated hourly, will apply to school-based apprentices for total hours worked including time deemed to be spent in off-the-job training.

E.4 For the purposes of clause E.3, where an apprentice is a full-time school student, the time spent in off-the-job training for which the apprentice must be paid is 25% of the actual hours worked each week on-the-job. The wages paid for training time may be averaged over the semester or year.

E.5 A school-based apprentice must be allowed, over the duration of the apprenticeship, the same amount of time to attend off-the-job training as an equivalent full-time apprentice.

E.6 For the purposes of this schedule, off-the-job training is structured training delivered by a Registered Training Organisation separate from normal work duties or general supervised practice undertaken on the job.

E.7 The duration of the apprenticeship must be as specified in the training agreement or contract for each apprentice but must not exceed six years.

E.8 School-based apprentices progress through the relevant wage scale at the rate of 12 months progression for each two years of employment as an apprentice.

E.9 The apprentice wage scales are based on a standard full-time apprenticeship of four years (unless the apprenticeship is of three years duration). The rate of progression reflects the average rate of skill acquisition expected from the typical combination of work and training for a school-based apprentice undertaking the applicable apprenticeship.

E.10 If an apprentice converts from school-based to full-time, all time spent as a full-time apprentice will count for the purposes of progression through the relevant wage scale in addition to the progression achieved as a school-based apprentice.
