

Increases in Disposable Income Due to the Combination of Changes to Income Support and Taxation Arrangements and Ai Group's Proposal for a \$10.00 Per Week Increase in Minimum Award Wages.

These tables replicate the methodology employed in our original submission as adapted by the ACTU in its Reply Submission (Tables R7.1 to R7.5).

Table R1: Single Income, Two Parent Family with Two Children

Household earned income	Increase in weekly disposable income due to taxation and income support changes and Ai Group's proposal for a \$10 per week increase in minimum award wages
\$per week	\$per week
250	13.12
300	14.04
350	14.97
400	18.14
450	19.77
500	18.53
550	17.85
600	22.61
650	20.16
700	20.16

Table R2: Two income (equally distributed), Two Parent Family with Two Children

Household earned income	Increase in weekly disposable income due to taxation and income support changes and Ai Group's proposal for a \$10 per week increase in minimum award wages
\$per week	\$per week
250	11.07
300	15.09
350	15.85
400	16.61
450	16.81
500	16.81
550	16.81
600	21.57
650	19.12
700	19.12

Table R3: Two income (ratio of 2:1), Two Parent Family with Two Children

Household earned income	Increase in weekly disposable income due to taxation and income support changes and Ai Group's wage proposal
\$per week	\$per week
250	13.30
300	14.18
350	14.61
400	15.63
450	17.84
500	17.84
550	17.84
600	22.28
650	23.24
700	22.67

Table R4: Single Parent Family with One Child

Household earned income	Increase in weekly disposable income due to taxation and income support changes and Ai Group's wage proposal
\$per week	\$per week
250	20.71
300	21.82
350	22.20
400	22.59
450	22.96
500	22.96
550	22.37
600	23.34
650	18.27
700	18.27

Table R5: Single Person

Household earned income	Increase in weekly disposable income due to taxation and income support changes and the Ai Group's wage proposal
\$per week	\$per week
250	6.26
300	7.86
350	7.99
400	11.15
450	12.76
500	11.52
550	10.84
600	10.84
650	10.84
700	10.84
