**Movements in Wages Excluding Award
Employees**

Aggregate Wage Measures Excluding Award Employees

	AWOTE	AWE All Employees	AWE F/t	AENA	WCI
Most Recent Published figure	5.4	4.6	4.9	4.5	3.6
Adjusted to exclude award employees (2001)	6.2	5.2	5.5	5.1	3.9
Adjusted to exclude award employees (2000)	6.1	5.2	5.5	5.1	3.9
Adjusted to exclude private sector award employees (2001)	5.8	5.1	5.3	5.0	3.8

Average Increase Safety Net Increase

	Award Only	F/t Award Only	Award Only Private Sector	F/t Award Only Private Sector
2001	2.5	2.7	2.3	2.5
2000	2.6	2.8	2.4	2.6

Proportions of Employees

	Award Only	F/t Award Only	Award Only Private Sector	F/t Award Only Private Sector	Full-time
% of all employees	23.2	13.3	21.1	8.9	67.7
% of all full-time employees	n.a	19.7	n.a	13.1	100.0

NOTES

1. We calculate the increase in aggregate wage measures excluding award employees by:
 - a. Calculating the contribution of the relevant cohort of award employees to the growth in the measure (this is done by multiplying percentage increase by relevant % of employees for all employee measures and by % of full-time employees for full-time employee measures);
 - b. We subtract the contribution of the relevant award cohort from the growth in the total measure and re-weight for the proportion of employees or full-time employees (as the case may be) who are not in the relevant award only cohort.

2. All data regarding proportions is from EEH May 2000 ABS Cat. 6306.0
