The grounds on which this application is made are as follows:

1. This award currently has in excess of 1,500 employer respondents.
2. Service of an application to vary the above award as required by the Rules of the Australian Industrial Relations Commission would be unlikely to be prompt and would be unduly expensive.
3. The first named organisation is an employer association which has appeared on behalf of its members respondent to the above award when the award has been before the Commission on previous occasions.

4. The remaining organisations are associations of employers who have members which are respondents to the above award. These associations have not appeared before the Commission in matters pertaining to this award but have specifically requested that they be notified of applications to vary the award.
